

# This week at DSMFS

## Our Parents met the Teachers

Thank you  
for partnering with us

... towards creating a community built on parent-teacher relationships at DSMFS.

We appreciate the varied perspectives brought to the table, perspectives that will enrich each student's learning experience, perspectives that will inform our teachers work with your children.

Thank you for making the commitment, to prioritizing our children's educational goals.

Our teachers also commit to listen and provide a space for collaboration with parents towards meeting each goal.

DSMFS is striving for parent engagement, to lead with our ears **-listening to what parents think, dream, and worry about-** to ensure every student is content, and every student succeeds!

Thank you,  
From the DSMFS Team
