

# 4<sup>th</sup> week at DFMS

Create a Difference

3<sup>rd</sup> – 7<sup>th</sup> June, 2024

**Our Jnr Whales** in Science class demonstrated the effects of force on objects using a magnet under Forces and Movement, appreciated, identified and joined pencils together to form various angles in Maths class under 2D Shapes ( Angles )

**Green Ghana Day at DFMS:** It was a green dress-up day for us, our way of creating public awareness. The children were taken through tree planting exercise and educated on the need to plant more trees. It was **Full of fun**

**Our Cheetahs** used the **Baric Tablet** which helps to develop the discrimination of weight and refinement of control of movement, and the **Sound Cylinder** which enhances auditory sensation, enabling children to distinguish between different sounds and pitches and were very excited.

**Our Jnr. Dolphins:** in Science class discussed Forces and movement, under simple machines had a demonstration of how some simple machines are used to make work easier such as hammer, knife, saw, scissors, and many more.

**Our Butterflies** (Nur. Two ) appreciated and felt the parts of a natural plant. **Our Cat. (N2)** demonstrated their fine motor skills by folding mat and assembling logos to build their concentration and firm their grips

**In Music class,** the Basic 5 & 6 were challenged to play protest songs from the course book. The **KGs** were taken through the rudiments of music and fingering lessons, **Basic 1 - 3**, rudiments (lines and spaces), fingering and playing lessons
